ServiceKey Featured In CRN 2018 Cloud Partner Program Guide
Guide Highlights Leading Cloud Partner Programs

Peachtree Corners, GA, September 17, 2018 – ServiceKey announced today that [CRN®](#), a brand of [The Channel Company](#), has recognized ServiceKey in its 2018 Cloud Partner Program Guide, a list of leading technology vendors with cloud-related partner programs that enable and accelerate the growth of solution providers' cloud initiatives.

The CRN 2018 Cloud Partner Program Guide serves as a valuable resource for solution providers navigating the growing cloud marketplace, assisting them in finding technology suppliers with ground-breaking cloud offerings and partner programs. To meet the requirements for inclusion in the Cloud Partner Program Guide, tech vendors must have unique partner program benefits that deliver cloud infrastructure or applications.

"With so many options available in the cloud marketplace today, solution providers often have a difficult time deciding which vendors offer the best program to complement their business strategy," said Bob Skelley, CEO of the Channel Company. "The CRN Cloud Partner Program Guide helps to simplify the process by researching and identifying the cloud partner programs with the most comprehensive combination of resources, support, training, and financial incentives. Our 2018 guide includes a strong combination of innovative companies who support their partners needs and help them to succeed."

ServiceKey provides our partners with 24x7 personalized end to end support for their business needs. Our cloud program benefits our customers by providing them with monthly recurring revenue, enterprise-grade infrastructure solutions and our global network and data center footprint.

"ServiceKey is honored to be recognized as a top cloud vendor of 2018 for the second year in a row. We strive to deliver sophisticated cloud solutions that provide more control, better performance and increased reliability while providing our partners with the best customer service and technical support around. Our team is excited to continue to serve the channel and deliver superior service to our partners." said Angela Vines, President, ServiceKey.

The Cloud Partner Program Guide will be featured in the October issue of CRN and can be viewed online at www.crn.com/cloud-ppg.
